Ladies and Gentlemen: I cannot for the life of me understand why this bill even exists aside from outright political pandering to a specific segment of the population that would benefit from the change. I pay my MV taxes faithfully, and have done so for the 47 years I have lived in CT. Why should someone be allowed to drive and not pay their fair share of taxes? If they can't afford it, they can use public transportation. This bill needs to DIE!!

Thank you.
